

## Briefing 16: Powerfuel Portland Ltd

Permit application number: **EPR/AP3304SZ/V002**

**17 February 2026**

**Applicant/Operator: Powerfuel Portland Ltd**

**Installation located at: Portland Energy Recovery Facility, Portland Port, Castletown, Portland. DT5 1PP**

### Summary

- We are still determining the permit variation application we have received from Powerfuel Portland Ltd, to increase the types of waste that can be accepted at the permitted waste incinerator on Portland
- We have received new information from Powerfuel Portland Ltd, which we have put on our Citizen Space page for you to view (link below)
- The information includes an updated Fire Prevention Plan, additional information on waste storage, noise management, odour control and the air quality assessment
- For more information on this or the environmental permit application process, please contact us at [Wessex\\_Engagement@environment-agency.gov.uk](mailto:Wessex_Engagement@environment-agency.gov.uk) .

### New information published

This briefing is to inform you that we have received a response to a request for information (schedule 5) notice issued by our National Permitting Service to Powerfuel Portland Ltd and Fichtner Consulting Engineers.

The information includes an updated Fire Prevention Plan, and includes additional information on waste storage, noise management, odour control and the air quality assessment.

### Viewing the new information

You can view both these documents on our Citizen Space page online. You can request a hard copy of the document by calling **03706 506 506**.

The documents are at the bottom of this page: [DT5 1DB, Powerfuel Portland Limited, EPR/AP3304SZ/V002: environmental permit consultation - Environment Agency - Citizen Space](#)
